

The Service Request Report is a good way to track outstanding and resolved problems.
 Old or converted Service Requests can also be purged from the system using this program.
 The Report and/or Purge options are:

- Print Sequence - Crew or Job
- Range - Range of Crew Id's or Job Id's
- Range of Dates - First and last lead creation dates
- Report Type - Detail, Summary or Both
- Request Status - Resolved, Unresolved or Both
- Report or Purge - Report, Purge or Both
